REMARKS

Applicants hereby thank the Examiner for the Notice of Allowance dated April 4, 2006.

In response thereto, Applicants file this Comments on the Examiner's Statement on Reasons of Allowance.

Applicants submit that the Examiner's Statement of Reasons for Allowance of the claims includes the general paraphrasing of claim language. Applicants submit that the claims should be deemed allowable based on each of their respective recitations.

Applicants submit that the claims include various other aspects which provide a separate basis for patentability. The Examiner's statement paraphrases a portion of the subject matter of the claims, but each claim should be interpreted using its own precise language, and not the paraphrase summary included in the Examiner's statement.
